

Love School

Well these styles are
dedicated
to the people who know that
education is important.
yeah you know.

Well if you know you love
school say: tra la la la laah
You know you love school
say: tra la la la laah
You know you love school
say: tra la la la laah
laah laah laah laah la laah

Well I say school school
school
send your children to school,
Don't make them grow up
and be big head fools,
books and pencils are tools
Me tell you

School, school, school,
send your children to school;
don't make them grow up
and be big head fools --
laawd
books and the pencils are
tools

Well learn them fi read,
learn them fi write,
learn them fi count,
learn them fi spell
don't let them grow up like
no damn Jezebel

Teeth and tongue must tell -
Michelle..

You know you love school
say: tra la la la laah
You know you love school
say: tra la la la laah
You know you love school
say: tra la la la laah
laah laah laah laah la la la la
laah

Well every Monday morning
put on your school clothes,
don't bother to go on the
road
to stand up and pose,
don't bother to watch the
buggers
in your school sister's nose,
don't go around any corners
or round any curbs
I hope that you don't get on
the teachers' nerves
A good lesson you deserve

Remember education
it is the key,
you got education you got
everything,
Me talking to gentlemen and
ladies
if you love education
Your hand me wanna see

Teeth and tongue must tell

YEAH MAN!
